

NERSC Program Requirements Reviews (PRRs)

- Estimate computing and storage requirements as input to NERSC and ASCR planning for new systems; e.g., Mission Need Statements (previous reviews provided estimates for 2014).
- PRRs are held for each of the SC Program Offices and are sponsored by the SC Program Office, NERSC and ASCR.
- PRR Schedule: BER September, 2012; HEP November, 2012; Fusion March, 2013; BES September, 2013 (?); NP December, 2013, and ASCR January/February 2014.

Reports from previous reviews are available at:
